

April 2019

Dear Parent/Carer

Year 11 - Easter School 2019

It is hard to believe that we are moving rapidly towards the final GCSE examinations and I would like to take this opportunity to thank you for your support throughout this year. I am pleased to confirm that as part of our drive to prepare and support all pupils in the run up to examinations we are running an Exciting Easter School.

The Easter School is focused on GCSE examination preparation and the timetable for the day can be found on alongside this letter.

Parents / pupils will be notified by the subject teachers if their daughter/son is needed for a particular subject session. If a student is not required but still wants to attend a particular subject session then the student should speak with the subject leader to see if this is possible.

School uniform is not required for the Easter School, however, exemplary behaviour is expected throughout. Students can bring a packed lunch or if the subject teacher allows they may get lunch in the outlets in the local community.

On arrival students should sign in on registers which will be found in the school reception area. At the end of the day students should sign out in the same area.

May I take this opportunity to thank you all again for your continued support at this crucial time.

Yours sincerely

Mrs Sterland

Director of Progress – Year 11
