

How to Access BromCom Student Portal

Via browser

Go to www.bromcomvle.com and scroll down, there is a box underneath the login that says sign in with Microsoft, you need to click this, and it will take you to another login page.

Username: firstname.lastname@darwenvale.com

Password: This the one for the PCs at School
from here it will login

For the app

Download the appt

Enter a 5-digit PIN of your own choice

Choose 'Magic Link' (bottom green bar)

will ask for 2 pieces of information.

School ID: 13192

Email address: firstname.lastname@darwenvale.com

Close the app and open up a web browser on the same device

Opening school email accounts to complete Student Portal access

You need to go to in www.office.com. If you click sign in it will ask for them for the email first. and then the password. Again, this is the one they use in school for the PCs

This will let you into their emails. There will be a link from MCAS or Bromcom and inside that will be a link. Click it and it will ask for permission to open the Student app. Click yes and from the app and the account will be linked.

At this point you just need to put in the passcode they set when he opened the app, and it will automatically log in.

Kind regards
