

Secondary Online Safety

Parents Information Presentation 2025-26

Knowsley CLCs September 2025

What are your children doing online?

Their childhoods may be very different from yours because of the digital playground that is available to them. While this digital playground affords them a whole new set of opportunities, it also brings its own new set of risks.

Using social media?

Creating or watching videos?

Playing or streaming games?

Using AI

Home learning or home work?

Children's Tech Trends

Ofcom children's media use and attitudes report

<https://www.ofcom.org.uk/siteassets/resources/documents/research-and-data/media-literacy-research/children/childrens-media-use-and-attitudes-report-2025/childrens-media-literacy-report-2025.pdf?v=396621>

Children's tech trends

8-9

42% have their own mobile phone

97% use any device to go online.

To go online: **73%** use a tablet, **51%** use a mobile phone, and **37%** use a laptop

74% use messaging sites/apps

96% use video sharing platforms

61% use live streaming sites/apps

57% use social media and **69%** have their own social media profile

Across these categories the top 3 sites/apps used by this age group are Youtube (**93%**), WhatsApp (**46%**) and TikTok (**42%**)

65% play games online

80% watch TV or films on any type of device other than a TV set (**85%** on a TV set)

41% watch live TV | **74%** watch SVoD (Such as Netflix, Amazon Prime or Disney+)

10-12

82% have their own mobile phone

100% use any device to go online.

To go online: **81%** use a mobile phone, **68%** use a tablet, and **48%** use a laptop

94% use messaging sites/apps

99% use video sharing platforms

73% use live streaming sites/apps

81% use social media and **86%** have their own social media profile

Across these categories the top 3 sites/apps used by this age group are Youtube (**90%**), WhatsApp (**71%**) and TikTok (**63%**)

77% play games online

79% watch TV or films on any type of device other than a TV set (**87%** on a TV set)

41% watch live TV | **77%** watch SVoD (Such as Netflix, Amazon Prime or Disney+)

Children's tech trends

13-15

97% have their own mobile phone

100% use any device to go online.

To go online: **96%** use a mobile phone, **47%** use a tablet, and **56%** use a laptop

99% use messaging sites/apps

98% use video sharing platforms

82% use live streaming sites/apps

95% use social media and **96%** have their own social media profile

Across these categories the top 3 sites/apps used by this age group are Youtube (**87%**), WhatsApp (**82%**) and TikTok (**80%**)

84% play games online

79% watch TV or films on any type of device other than a TV set (**84%** on a TV set)

39% watch live TV | **75%** watch SVoD (Such as Netflix, Amazon Prime or Disney+)

16-17

99% have their own mobile phone

100% use any device to go online.

To go online: **98%** use a mobile phone, **44%** use a tablet, and **59%** use a laptop

99% use messaging sites/apps

99% use video sharing platforms

82% use live streaming apps/sites

98% use social media and **98%** have their own social media profile

Across these categories the top 3 sites/apps used by this age group are Youtube (**86%**), WhatsApp (**84%**) and TikTok (**83%**)

83% play games online

86% watch TV or films on any type of device other than a TV set (**83%** on a TV set)

33% watch live TV | **81%** watch SVoD (Such as Netflix, Amazon Prime or Disney+)

Children have greater access to the internet than ever before.

But this means the internet has greater access to children than ever before.

The way children interact with what they see online has changed in recent years and continues to change as they grow older.

BVoD - Broadcast Video on Demand (iplayer, ITVX, All4, etc.)

SVoD - Streaming Video on Demand (Netflix, Amazon Prime, Disney+ etc.)

VSPs - Video Sharing Platforms (Youtube, Tiktok, Twitch, etc.)

% of 13-17 year olds who go online

What is your child's bedtime story tonight?

Children who said they found the following experiences upsetting or scary
 (% selected 6/7 on a 1-7 scale, with 7 being 'I found it really upsetting or scary', child data)

Experiences of potentially harmful online content or interactions
 (% experienced, child data)

Having upsetting experiences interacting with others online (e.g. bullying)
 (% 'all the time' or 'quite a lot', child data)

Turning down opportunities to meet friends so they can stay online
 (% 'all the time' or 'quite a lot', child data)

Avoid apps, website or games because of how people act to on them
 (% 'all the time' or 'quite a lot', child data)

Internet safety risks for school-age children

There are 4 main kinds of internet safety risks for children.

Content Risks

Illegal, inappropriate, harmful, e.g. Fake news, deep fake images, racism, misogyny, self-harm, extremism, pornography.

Contact Risks

Bullying, grooming, sexual harassment, exploitation, influencing, 'end-to-end encryption.

Conduct Risks

Acting in ways that might hurt others or being victims of this behaviour—privacy, digital footprint, health and wellbeing, nudes and semi-nudes, copyright and live streaming.

Contract Risks

Contracts, membership agreements, or terms and conditions that they aren't aware of or don't understand. Online gambling, advertising, phishing scams, financial scams and micro-transactions.

How People Are Really Using Gen AI in 2025

Therapy and Companionship is now the #1 use case.

This use case refers to two distinct but related use cases. Therapy involves structured support and guidance to process psychological challenges, while companionship encompasses ongoing social and emotional connection, sometimes with a romantic dimension.

Who are they aimed at?

What the Online Safety Act is - and how to keep children safe online

🕒 24 April

Online Safety Act: What's Changing in 2025?

NOW: Illegal Content Duties In Force

Since March 25, search and user-to-user (U2U) services must assess, manage, and mitigate the risk of illegal content and take down such content.

1

From July: Porn Measures

From July, there must be 'highly effective age-checks' to prevent children from accessing porn.

This includes porn sites and 'user-added content eg on social media.

2

From July: New Child Safety Duties

Any app, site or game 'likely to be accessed by children' must implement a range of new moderation and safety measures.

If content is not suitable, 'robust age checks' are needed to prevent access.

3

Still to Come

Later in the year, Ofcom will announce which providers will be Category 1, 2A or 2B services.

These will require further protections, which will be clarified by the end of the year.

4

Molly Russell

Molly “appeared a normal healthy girl who was flourishing at school”.

(Coroner Andrew Walker)

Molly Russell "died from an act of self-harm while suffering from depression and the negative effects of online content".

The inquest was told Pinterest sent emails to the 14-year-old such as "10 depression pins you might like" and "new ideas for you in depression".

Molly was “exposed to material that may have influenced her in a negative way. In some cases, the content was particularly graphic, tending to portray self-harm and suicide as an inevitable consequence of a condition that could not be recovered from”

"The way that the platforms operated meant that Molly had access to images, video clips and text concerning or concerned with self-harm, suicide or that were otherwise negative or depressing in nature," the coroner says.

Influencer Culture & Algorithmic Harm

Standard Teen Accounts served up harmful content
Total videos shown on average to Standard Teens

This graph displays an average of recommendations to the four Standard Teen Accounts, showing that the pace of eating disorder and self-harm recommendations increased over 30 minutes with no noticeable slowdown effects or other safeguarding measures.

**What can you
do?**

Understand the world our children grow up in.

Support your children

- Take an interest.
- Listen and don't judge.
- Engage with them.
- Use technology with them.
- Lead by example.
- Talk to other parents about any issues - join social media parents groups.
- Be open minded to technology.

Encourage Creativity!

Creative activities undertaken on devices by children aged 8-17 (%).

Agree on reasonable boundaries.

Main online supervision method used (% of parents who's children go online)

Being nearby and regularly checking what they do

3-5s 66%
6-7s 75%
8-9s 76%

Asking about what they are doing or have been doing online

10-12s 70%
13-15s 64%
16-17s 48%

Acknowledge the positives!

Being online helps my child...

Child Sexual Abuse Content

Tests whether you are blocking websites on the IWF Child Abuse Content URL list.

✓ It appears that your Internet Service Provider or filtering solution includes the IWF URL Filter list, blocking access to Child Sexual Abuse content online

Adult Content Filter Test

Test whether your Internet filter blocks access to pornography websites

✓ It appears that your filtering solution includes blocking for online pornography.

TEST  FILTERING

[Personal](#) [Schools](#) [Business](#) [Public Sector](#)

Personal Internet Filter Test

Children, particularly younger children, can be bothered by things they see online, and filters can be a helpful tool in reducing the chances of coming across something upsetting.

Managing access to online content is very much an art and whilst no filter or parental controls tool is 100% effective, this utility will help you test the main components of any filtering or parental controls (if they are active) on your Broadband or mobile connection.

All the major Broadband and mobile operators provide filtering or parental controls. To find out more about these including instructions on activating them can be found on the Internet Matters website.

Released July 2024

Google Family Link

Available on App and Android Stores and from here you can:

- Monitor Screen Time.
- Manage Apps.
- Set sleep time.
- See where they are.

Establish boundaries for your family online.

KEEP AN EYE ON SCREEN TIME

App activity reports

Not all screen time is created equal. It can depend on whether your child is using their device to read a book, watch videos or play games. You can use Family Link's app activity reports to see which apps your child is using most, and make decisions about what they have access to.

• ○ ○ >

[Explore Family Link](#)

The screenshot shows the 'Family Link' app interface. At the top, there's a back arrow, the 'Family Link' title, and a user icon. Below this are two tabs: 'Daily limit' (active) and 'Bedtime'. Under 'Daily limit', there's a 'Scheduled' toggle switch which is turned on. Below the toggle, it shows 'TUESDAY' with a limit of '2 hr 15 min' and plus/minus icons to adjust it. At the bottom of the screen, there's a table showing limits for other days: 'WEDNESDAY' with '2 hr' and a checkmark, and 'THURSDAY' with '2 hr' and a checkmark. An 'Apply' button is visible below the Tuesday settings.

Apple Parental Control

From here you can:

- Restrict Apps
- Set time limits
- Filter web content
- Restrict the game centre.
